A dark, moody photograph of a restaurant table. In the foreground, a white plate holds several oysters on the half shell, garnished with a green herb sauce. To the left, a small white bowl contains a yellow liquid, possibly butter or oil, with some herbs. A silver fork and knife are visible in the upper right. A glass of red wine is partially visible on the right. The background is dark and out of focus.

SPARKED BY
THOSE WHO CRAFT
EXCEPTIONAL
BEVERAGE
EXPERIENCES

We developed our finest glassware collection with you in mind – the bartenders, mixologists and sommeliers who have a story to tell through beer, wine and spirits.

Our premium Reserve by Libbey glassware collection represents the pinnacle of Libbey craftsmanship, with superior, color-free optical purity, precise balance and enduring performance.

The beauty of Reserve is all in the details – stemware with exquisitely thin walls and flat feet, plus rocks and tumblers with thick bases and windowpane clarity. Our fine HD2 laser-cut rims – smoothed and perfected with a kiss of fire – enhance the drinking experience and offer visual appeal that guests will notice.

Together, this perfect marriage of form and function acts as a blank canvas for your creations, enveloping guests in a sensory experience that commands respect, attention – and a second pour.

Classic styles with a fresh Twist

Classic retro drink styles are again in vogue, along with heightened expectations for a premium cocktail experience. This blossoming cocktail culture has trained guests to want better drinks and an artful performance during their preparation - and they're willing to pay more for both.

The real twist? Many of these throwback drinks are great for serving in a tumbler rather than a traditional cocktail glass. Nostalgic "tall" cocktails and other mixed drinks that feature nuanced, flavorful, low-proof experimentations work great in taller cooler-sized tumblers, and shorter sizes are ideal for smaller super-premium pours.
